

4000

**Power, Productivity,
Efficiency & Reliability**

4000 *The Lamtrac LTR 4000*

Powerful, versatile, reliable, durable, and low maintenance makes the LTR 4000 the ultimate vehicle for your needs.

SPECIFICATIONS

Note: The specifications for a basic vehicle are given on the basis of adequate skills, ability of the operator and under ideal conditions.

Dimensions

Track Width	711 mm	28"
Overall Length	5944 mm	19' 6"
Overall Width	2464 mm	8' 1"
Overall Height	2642 mm	8' 8"
Ground Clearance	432 mm	18"
Weight	5,240 kg	11,550 lb
Ground Pressure	27,2 KPa	1,23 PSI

Performance

Maximum Speed	25 km/h	15 mph
Inside Turning Radius	4.6 m	15'

Engine

Make	Cummins
Model	6 BTA
No. of Cylinders	6 (Six)
Displacement	5.9 L (360 CID)
Horsepower	130 Kw (174 HP)
Torque	496 Nm (366 lb.ft)

Power Train

Transmission	
Type & Model	Rexroth Hydrostatic

Brakes

Service	Hydrostatic Braking
Type	Multi-disc

Steering

Type	Articulation through a user friendly steering wheel with tilt and telescopic functions
------	--

Tracks

Type	Stretch resistant nylon and fabric rubber belts and steel crosslink's.
------	--

Electrical

Voltage	12 Volts
Battery	1000 amps
Alternator	135 amps

Capacities

Fuel Tank	300 L	79 Gal
Hydraulic System	129 L	34 Gal
Engine Crankcase	15 L	4 Gal

Standard Equipment

8' Front Blade with 6 Functions	
79 Gallon Fuel Tank	
Bush guards	
Rear Pintle Hook	ROPS designed Cab
28" Steel Cross Links	4 Front Lights (halogen)
Tilt and Telescopic Steering	2 Rear Lights (halogen)
Easy Access Fuse Panel	Cab Heater And Defrost System
Rear Window Wiper	Back Up Alarm
Dome Light	Block Heater
Quality AM/FM Cassette Radio	Roof Exit
Flexible Antenna	Horn
Engine Fast Idle Control	2 Rear Hydraulic Outlets
Audio-Visual Warning System on	Fire Extinguisher
Major Components	Strobe Light
Heated Exterior Mirrors	Part Book
2 Passenger Soundproof Cab	Operator Book
2 Bucket Seats	Maintenance Book

Optional Equipment

Rear Hydraulic Section
Extended 2 Year Warranty

PERFORMANCE

With a Cummins 174 hp turbo diesel powerhouse and high quality Rexroth hydraulics the LTR 4000 is constructed to perform. The LTR 4000 is designed to pull, climb and perform beyond your expectations. The LTR 4000 walks through the roughest trails with ease and agility allowing substantial savings through fewer break downs, simplified maintenance, and affordable replacement parts.

SECURITY AND COMFORT

An ergonomically ROPS designed cab with a roof exit provides ample security and comfort for long hours of operation. A long list of standard features comes with the LTR 4000.

MANEUVRABILITY

Its four track drive design and the double articulated chassis provides sharp cornering while maximizing traction, control, and power. The well balance weight distribution and low "PSI" provides the LTR 4000 with a light footprint but still has an abundance of traction through its four track design.

APPLICATIONS

- Trail grooming
- Road construction
- Transporter
- Power line construction
- Fireguard
